

**Workshop: March 14, 2017**

## **Designing and Using ESSENTIAL QUESTIONS**

**Join Jay McTighe, for an engaging and practical workshop.**

### **WORKSHOP DESCRIPTION**

A good essential question can spark student inquiry, engage their thinking, and open doors to understanding the big ideas of the curriculum. Join co-author, Jay McTighe, for an engaging workshop to examine key ideas from the best-selling ASCD book, *Essential Questions: Opening Doorways to Student Understanding* (McTighe and Wiggins).

### **WORKSHOP OUTCOMES**

You will learn to:

- recognize the characteristics of truly essential questions (EQs)
- distinguish between content and process EQs
- use essential questions to “unpack” Standards
- map the curriculum with overarching EQs that spiral across the grades
- apply practical and proven design tools for developing essential questions
- use essential questions as an integral part of teaching for understanding
- create a classroom culture that supports inquiry

In addition, we’ll review a collection of excellent websites containing essential questions and view videos of teachers using EQs in their classrooms.

### **REGISTRATION INCLUDES**

Your workshop registration includes workshop materials, continental breakfast and on-site lunch, along with a selection of snacks and beverages available during workshop breaks.

## WORKSHOP LOCATION

Overhills Mansion 916 S Rolling Rd, Catonsville, Maryland 21228

This historic conference center is conveniently located within 10 minutes of Baltimore-Washington International Airport and BWI Rail Station. It is just off Interstate Route 95, 15 minutes south of Baltimore and 45 minutes north of Washington, DC.

## REGISTRATION AND PAYMENT INFORMATION

Cost: \$189

Register online at <http://jaymctighe.com/events/eq-workshop-2017>
